Workshops Coming Soon to Your Area!

The Manufacturing Technology Center will be conducting two workshops at the **Southwest Virginia Technology Development Center** located at **141 Highland Drive, Lebanon, Virginia**. (If you are driving from Abingdon, take Exit 2---located behind Wendy's).

Lean Six Sigma Overview - March 23, 2010

9:30 a.m. - 2:00 p.m.

This course is designed to give a working understanding of Lean Six Sigma tools and methodologies, through a combination of lectures and simulation exercises. Cost is \$99 per person, which includes lunch, refreshments, materials, and CEU units.

Lean 101 - March 30, 2010

8:00 a.m. - 4:00 p.m.

Learn the basics of lean manufacturing in this course through a combination of classroom and live simulation. Participants learn to reduce manufacturing cycle time, WIP, floor space, improve on-time shipments, and quality.

Cost is \$250 per person, which includes lunch, refreshments, materials, and CEU units.

If you have any questions about these workshops, please feel free to give me a call (276) 223-8275 or email me. We hope your calendar will allow you to attend. As always, if your company would like a dedicated workshop held at your site, please contact me for details.

To register, please contact Elana Todt at (276) 889-8183 or register direct via their website at SVTDC.org/reg.

If you must cancel your registration, please do so within three days of the workshop to obtain a refund or not be invoiced for attendance. Thank you.

G. Keith Thompson

Executive Director
